Mannie Cheung  
[mannie@productcare.org](mailto:mannie@productcare.org)

Dear Mannie Cheung,

Thank you for your email of February 1, 2024, and attached “Nova Scotia Lamp Product Stewardship Plan” by Product Care Association of Canada. The program plan submitted on behalf of the identified brand owners aligns with their obligations outlined in recent changes to the *Solid Waste-Resource Management Regulations*.

The Steward Plan submitted to meet the obligations of your brand owners as required under sections 18I through 18L of the *Solid Waste Resource Management Regulations* is approved with the following conditions:

- 1) Product Care presents their lamp collection and recycling program updates to the Nova Scotia Solid Waste-Resource Regional Coordinator Committee before August 1, 2024 and every other year following.

Please submit a copy of the revised plan, which includes information requested in the above term and condition to Bob Kenney, Recycling Development Officer, at 902-499-2178 if you require any clarification or follow-up.

I am pleased to have a sustainable regulated lamp stewardship program in Nova Scotia.

Sincerely,

A handwritten signature in blue ink, appearing to read "T. Halman".

Honourable Timothy Halman, MLA  
Minister of Environment and Climate Change

c: Robert Kenney, Environment and Climate Change
